|                               |                                                        |
|-------------------------------|--------------------------------------------------------|
| Voltage (DC)                  | 10-36 V DC                                             |
| Consumption                   | 48 W                                                   |
| Functions                     | Warning light, Amber Pos., White pos., Driving beam    |
| Consumption specific function | White pos. 3W, Amber pos. 3W, Driving 48W, Warning 11W |
| Actual lumen                  | 2924 lm                                                |
| 1 lux @                       | 432 m                                                  |
| Color temperature             | 5700 K                                                 |
| Beam pattern                  | Optimized beam                                         |
| Connection                    | Cable                                                  |

|                         |                       |
|-------------------------|-----------------------|
| Cable length            | 2500 mm               |
| Color lens              | Clear                 |
| Material housing/chassi | Aluminium             |
| Material lens           | Polycarbonate         |
| IP-class                | IP67/69K              |
| Operating temperature   | -30 - +65 °C          |
| E-approved              | Yes                   |
| ECE approval            | R7, R10.06, R65, R112 |
| Reference number        | 45                    |
